

Week	Unit of Work
Number: Number & Place Value Geometry: Properties of Shape	
1 & 2	<p>Read and write numbers from 1 to 20 in numerals and words Given a number identify 1 more and 1 less Read and write numbers up to 50 in numerals and words Recognise the place value of each digit in a 2 digit number (tens and ones) Use symbols to show the relationship between the value of two numbers Identify one more or one less than a given number</p> <p>Recognise and name common 2-D and 3-D shapes</p>
Number: Addition & Subtraction Measurement	
3 & 4	<p>Represent and use number bonds and related subtraction facts within 10 Add and subtract one-digit numbers to numbers up to 15 Recall and use addition and subtraction facts to 20 Solve addition and subtraction problems involving a two digit number and ones, a two digit number and tens</p> <p>Compare, describe and solve practical problems for lengths and heights Choose and use appropriate standard units to estimate and measure length and height in any direction (m/cm) using rulers Compare and order lengths and record the results using <, > and =.</p>
Number: Multiplication & Division Geometry: Position & Direction	
5 & 6	<p>Count in multiples of 2s, 5s and 10s Learn facts for the 2, 5 and 10x tables. Begin to work out associated division facts. Recognise odd and even numbers</p> <p>Describe position, direction and movement including whole, half, quarter and three-quarter turns Use mathematical vocabulary to describe position, direction and movement including movement in a straight line and distinguishing between rotation as a turn and in turns of right angles including quarter, half and three-quarter turns.</p>
Number: Fractions	
7 & 8	<p>Recognise, find and name a half as one of two equal parts of an object, shape or quantity Recognise, find, name and write fractions of a length, shape, set of objects or quantity</p>
Number: Number & Place Value Algebra: Equations	
9	<p>Count to and across 30, forwards and backwards, beginning with 0 or 1, or from any given number Count, read and write numbers to 30 in numerals</p>

	<p>Given a number identify 1 more and 1 less Use language of more than, less than Count in steps of 2 and 5 from 0, and in tens from any given number Recognise the place value of each digit in a 2 digit number (tens and ones) Compare and order numbers to 50 using <, > and =</p> <p>Solve one-step problems that involve addition and subtraction missing number problems</p>
<p>Number: Addition & Subtraction Statistics</p>	
<p>10 & 11</p>	<p>Represent and use number bonds and related subtraction facts within 15 Add and subtract one-digit numbers to numbers up to 20 Recall and use addition and subtraction facts to 20 Solve addition and subtraction problems involving a two-digit number and ones, a two-digit number and tens, two two-digit numbers</p> <p>Interpret and construct simple pictograms, tally charts, block diagrams and simple tables Ask and answer simple questions by counting the number of objects in each category and sorting the categories by quantity</p>
<p>Number: Multiplication & Division Geometry: Properties of Shapes</p>	
<p>12 & 13</p>	<p>Count in multiples of 2s, 5s and 10s Learn facts for the 2, 5 and 10x tables. Begin to work out associated division facts. Recognise odd and even numbers</p> <p>Recognise and name common 2-D and 3-D shapes Identify and describe properties of 2-D and 3-D shapes</p>
<p>Number: Fractions Measurement</p>	
<p>14</p>	<p>Recognise, find and name a half as one of two equal parts of an object, shape or quantity and a quarter as one of four equal parts Recognise, find, name and write fractions of a length, shape, set of objects or quantity</p> <p>Compare, describe and solve practical problems for lengths and heights Choose and use appropriate standard units to estimate and measure length and height in any direction (m/cm) using rulers Compare and order lengths and record the results using <, > and =.</p>
